Subject: ExecuStay - RezView NG Training WebEx recording

Hello Everyone,

Attached below is the recording for the RVNG training session that was held on Thursday June 21.

I am sure that there are still some question out there about the system, please feel free to reach out if you have any.

We still have the opportunity for an additional training session if that is needed. If anyone missed the training or feel that they need to attend the session again, please let me know ASAP and I will have something scheduled.

Also I have attached the training guide that will walk you through how to maintain your rates and availability in RVNG.

Please let me know if I can be of any assistance.

Regards…Susanne
