Good Afternoon,

I'm sure many of you must be wondering when this month's PTB report will appear in your inbox. Unfortunately, due to the conversion of the reservation system for Pass Through billing from OTIS into OSCAR, our previous report is not populating with 100% accuracy.

This is causing a delay in our being able to confidently sort the date for the correct markets. We hope to have this corrected no later than Monday. We will keep you informed of the progress, however, this could ultimately result in a delay for payments to the markets next week. At a minimum, the market will need a day or two to process the report and we'll need a few days on our end to turn them back around.

Please let me know if you have any questions.

Thank you,
